# PACKAID

Standard FTS-closure

FTS-closure with tear strip

### Strippable Sack Version

Easy opening by means of the tear strip

Easy removal of outer paper plies, leaving a still hermetically closed, clean plastic inner sack

## Machine data

Type	Heating section mm	v max. m/min	P drive kW	P heating kW	Length mm	Width mm	Height mm	Mass ca. kg
FTS 600	–	22	0,55	1,4	2750	1010	1910-2610	650
FTS-HD 32	4x200	8	0,55	5,0	4180	1010	1910-2610	850
FTS-HD 48	6x200	13	0,55	6,8	4586	1010	2070-2610	950
FTS-HD 72	9x200	20	0,75	9,5	5195	1010	2070-2610	1200
FTS-HD 96	12x200	22	0,75	13,6	5805	1010	2070-2610	1250

On the strippable sack version the machine length is increased by 260 mm.

Sacks 160-650 mm wide can be closed.

Machine length may be different on machines equipped with toothed belts instead of heavy duty carrier chains.
